Limit ARNG Military Pay (Dual Pay)

The proposed legislation to limit military base pay to federal civilian employees, when they are on reserve military status, to their military base pay that exceeds their civilian pay is included in this budget.

NATIONAL GUARD PERSONNEL, ARMY  
JUSTIFICATION OF ESTIMATES  
INTRODUCTORY STATEMENT

The mission of the Army National Guard (ARNG) is to provide units of trained and proficient personnel. As an integral part of the first line of defense of the United States, ARNG soldiers are prepared for mobilization at all times. The National Guard Personnel, Army (NGPA) appropriation finances the costs to train, educate, and prepare ARNG military personnel for their Federal missions. These costs consist of basic pay, incentive pay, permanent change of station, hospitalization and disability, death gratuities, retired pay travel and per diem, other pay and allowances, permanent change of station, hospitalization and disability, death gratuities, retired pay accrual, the government's share of FICA, schools, (e.g., career development, refresher, pilot training, MOS mismatch training, new equipment training), and special training including missions to support CINC initiatives to reduce Army PERSTEMPO.

The budget request for the NGPA appropriation continues the Administration's policy of a smaller, post cold war Army National Guard. It supports the reduction of ARNG soldiers from an authorized end strength of 373,000 in FY 1996 to authorized end strength levels of 366,758 in FY 1997, 366,516 in FY 1998 and FY 1999. The proposed legislation to limit military base pay to federal civilian employees, when they are on reserve military status, to their military base pay that exceeds their civilian pay is included in this budget. Funding for schools and special training are tiered toward the "First to Fight" units due to Army's decision of fund higher priority items. Schools funding will cover the Force Support Package (FSP) unit requirements. Multiple Special Training programs are not resourced in this budget, yet they are readiness enhancers. If additional funding is received we will be able to apply it towards our Initial Entry bill and shortages in Schools and Special Training.

This budget contains a request for a modest increase in the controlled grades for AGR personnel. The ARNG requires an increase to provide AGR members with the opportunity for promotion, career progression and retention consistent with program needs as required by DoD policy.

The FY 1996 portion of this budget contains \$104M funding for the Counterdrug Program (CDP). The CDP funding levels for FY 1997, FY 1998, and FY 1999 have not yet been identified.

Funds are aimed at preparing members of early deploying units with requisite skills to meet the rigorous deployment timeline demanded by the increased reliance on the Army National Guard. Funding for schools are tiered toward the "First to Fight" units. Overall, there is not sufficient funds to maintain MOSQ for the entire force. Schools funding has decreased by 60% since FY 1995 and is funded at 20% of requirements in FY 1998 and FY 1999. Schools funding will cover the FSP unit requirements and some of the Enhanced Brigade requirements. Those lower priority units will, thus, have difficulty maintaining a trained ready force.

Part 1 -- PURPOSE AND SCOPE

The Special Training subactivity provides for Basic Pay, Retired Pay Accrual, Special and Incentive Pays (Flight, Physicians, Crewmembers), Basic Allowance for Quarters (BAQ), Basic Allowance for Subsistence (BAS), Variable Housing Allowance (VHA), Tuition, Government's share of Federal Insurance Contribution Act (FICA), and Permanent Change of Station (PCS) costs (if tour exceeds 139 days), for personnel on Active Duty Special Work (ADSW) or Active Duty for Training (ADT) attending various special training programs. Legislation is needed to allow the Counter Drug Program to pay long term entitlements during training for the entire year. For example, VHA is lost during Annual Training and the rest of the fiscal year due to time restrictions in the current regulation.

Special Training permits the traditional M-Day soldier to perform duty in an active duty status above and beyond the 48 drills and 15 days of annual training. Special Training affords the ARNG the ability to participate in many training experiences that cannot be conducted (or is not cost effective) during IDT and AT. Additionally, Special Training performed in an Active Duty Special Work (ADSW) status accomplishes missions that exceed the normal workload of full time manning.

Special Training has been reduced by \$13 million and \$6 million in FY 1998 and FY 1999, respectively, to supplement funding for the Army National Guard Counterdrug programs. Due to Army's decision, based on affordability, funds for Special Training have decreased 81% from FY 1995 to FY 1999, funding only 5% of requirements. Funding to support CINC's in ODT are significantly decreased in FY 1997, FY 1998 and FY 1999.

FY 1996 includes funding for the Counterdrug Program (CDP). CDP funding levels for FY 1997 through FY 1999 have not yet been identified. Part 1 -- PURPOSE AND SCOPE

This subactivity provides for the Basic Pay (BP), Retired Pay Accrual (RPA), Basic Allowance for Subsistence (BAS), Basic Allowance for Quarters (BAQ), Variable Housing Allowance (VHA), Uniform Allowances, Government's share of Federal Insurance Contribution Act (FICA), travel, and Permanent Change of Station (PCS) travel costs for personnel of the Army National Guard called to active duty under Sections 265, 3015, 3033, or 3496 of Title 10, U.S.C. or while serving on duty under Section 672 (d) of Title 10 or Section 502 (f) or Section 503 of Title 32, U.S.C., in connection with performing duty specified in Section 678 (a) of Title 10, U.S.C. This subactivity also provides for death gratuity payments to beneficiaries of the Army National Guard personnel who die as a result of injury or disease contracted while participating in active or inactive duty training, and for the payment of enlistment bonuses, reenlistment bonuses, educational assistance, and transition benefits.

Bonus funding is at 63% (FY 1998) and 54% (FY 1999) of requirements significantly below levels consistent with the authorized and budgeted end strengths.

This budget contains a request for a modest increase in the controlled grades for AGR personnel. The ARNG requires an increase to provide AGR members with the opportunity for promotion, career progression and retention consistent with program needs as required by DoD policy. In addition, the ARNG has not received adequate controlled grades to support expanding missions, (Assistant Professor of Military Science, bridging Guard units forward to their senior headquarters, MACOM and senior command level force management and command planning, and Total Army Schools Systems missions).

This budget contains no transition benefits for the 5,778 end strength not funded in FY 1999. Concerns remain in the area of transition benefits for the reduction of strength caused by the Army wide reduction of OSAC type aircraft and associated strength.

A high cost area is defined as a locality where the cost of living exceeds the average cost of living in CONUS by an established threshold percentage during a base period. The threshold percentage is established by the Secretary of Defense and cannot be less than eight percent. The amount of COLA payable is the product of spendable income (based on regular military compensation) time the difference between the COLA index for the individual's high cost area and the threshold percentage. This allowance was authorized by the FY 1995 DOD Authorization Act.

PART II - JUSTIFICATION OF FUNDS REQUESTED

CONUS COLA payments are determined by multiplying the projected number of personnel eligible by an estimated rate.

Detailed cost computations are provided by the following table:
